TRAFFICKERS CAN BE STOPPED

How does it happen?

-someone you know tells you they can get you a better life.

-This may include education, work or money.

-You leave your home, and are forced to do things you may not want to.

-You are told it is your fault, you are told you will get into trouble, but that is a lie.

-You may feel frightened, alone, and have nobody to talk to.

You may have had your documents taken, and not be going to school, or see a doctor when you need to. You are now trapped, and dependant on your traffickers.
